

C' est l' histoire de 6 images....

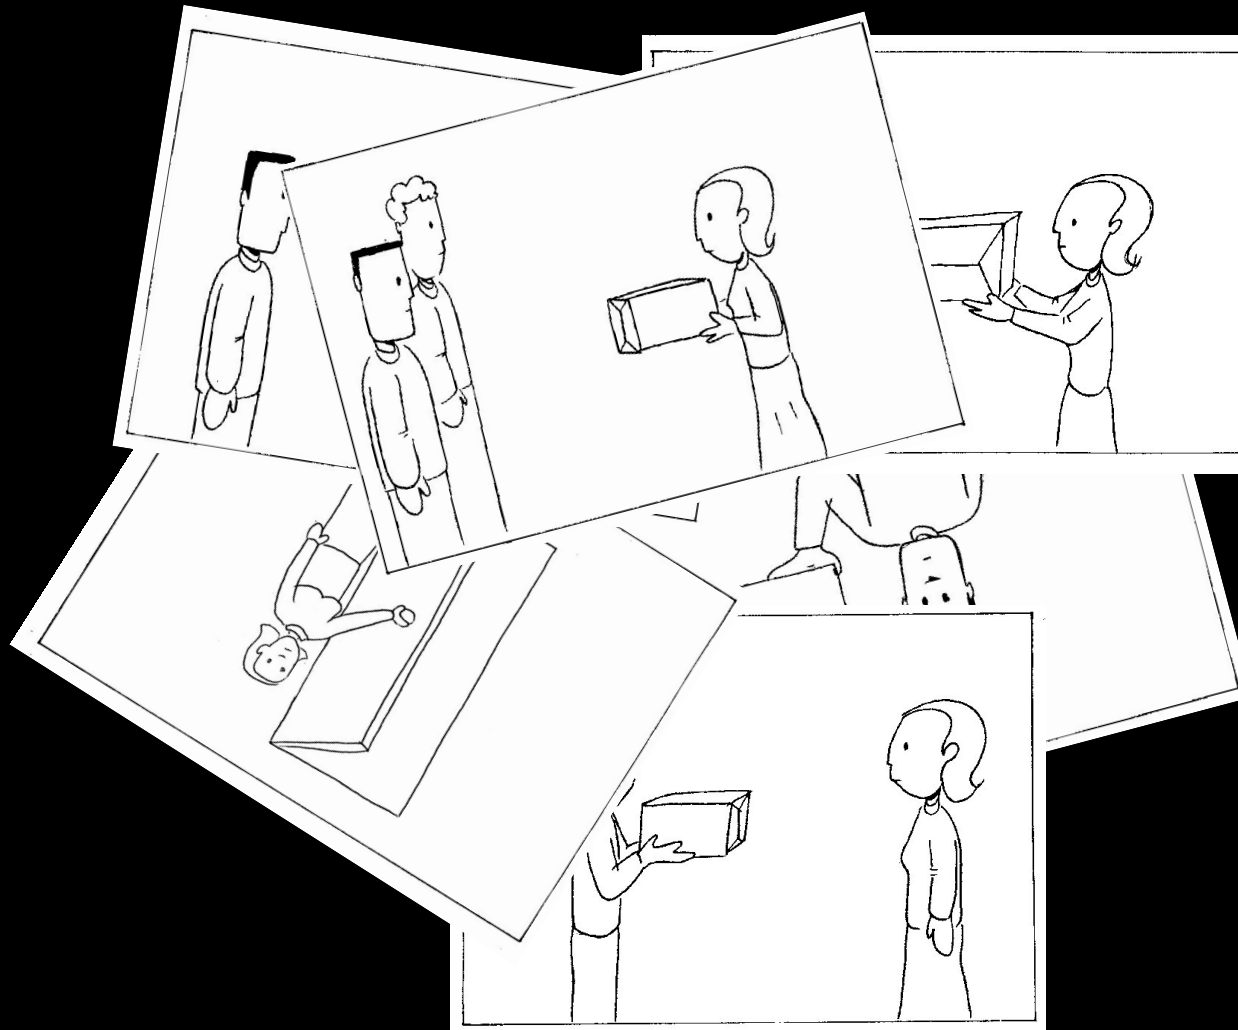

Ok, amusons-nous maintenant...

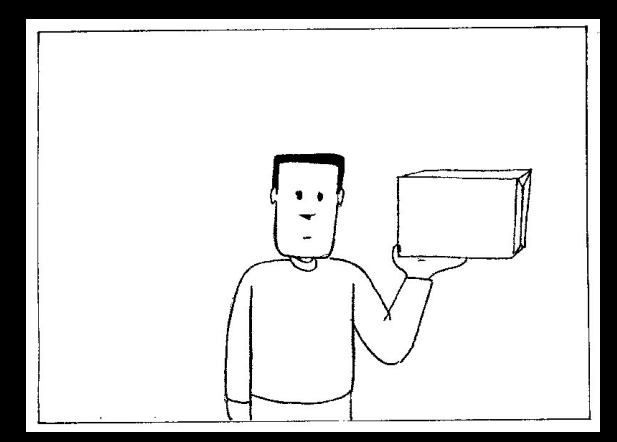

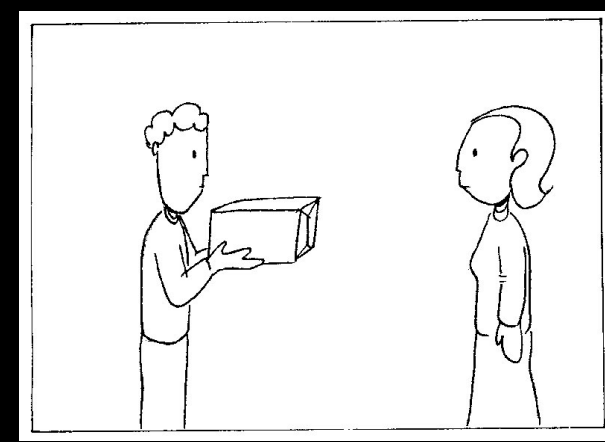

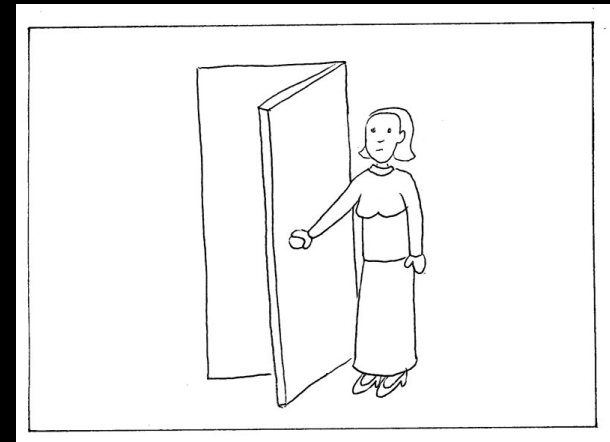

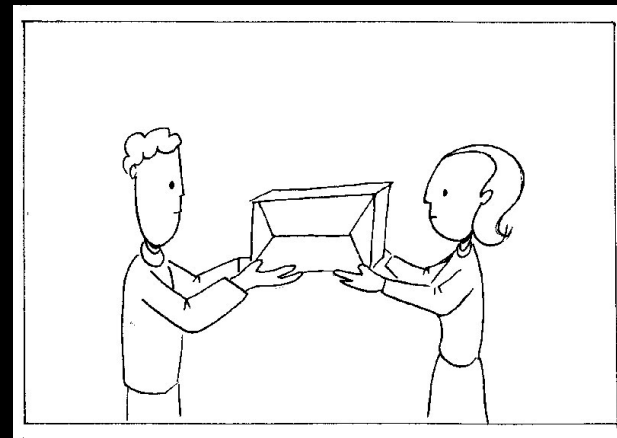

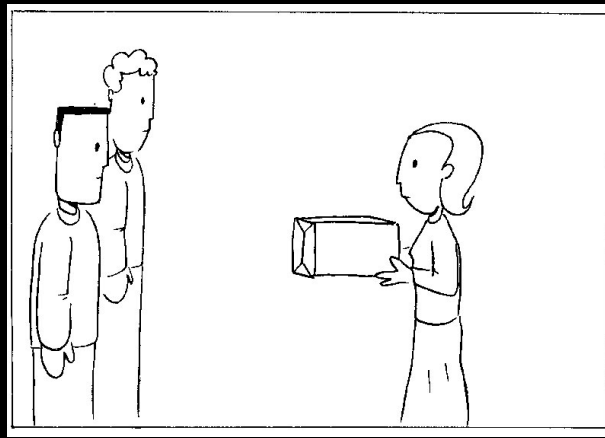

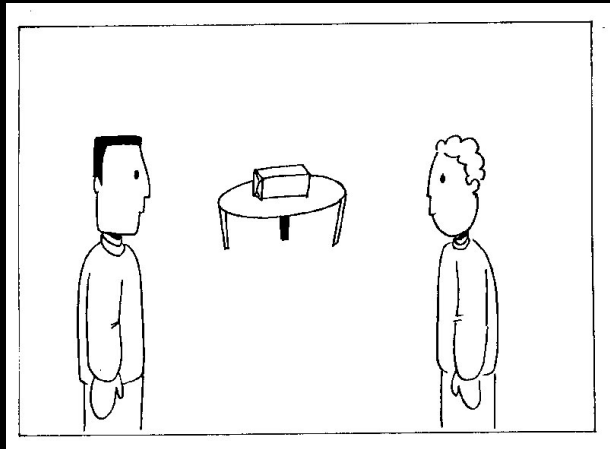

Après une heure de travail....

**Tout le monde raconte
les mêmes histoires !**

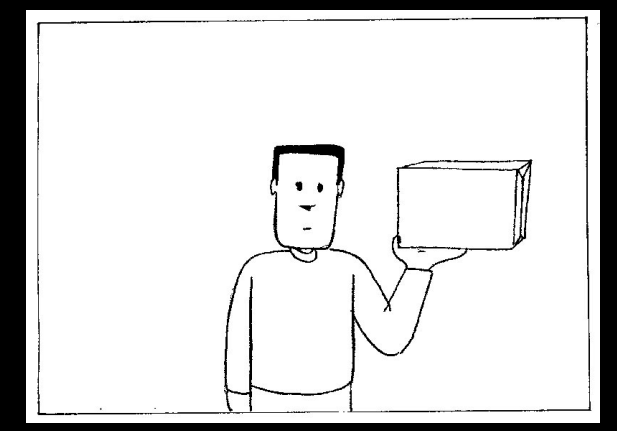

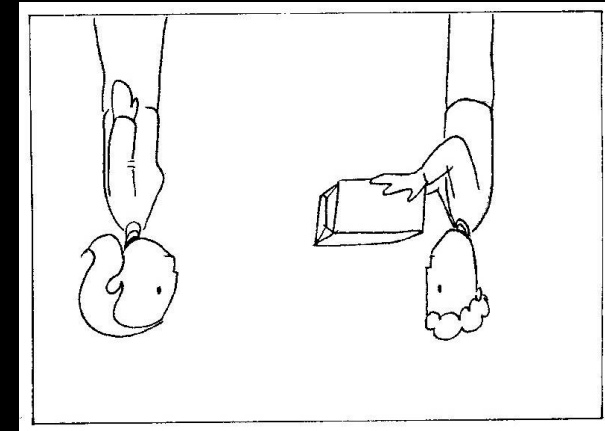

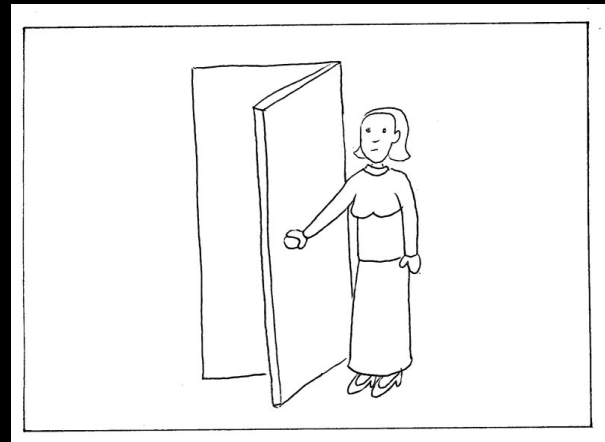

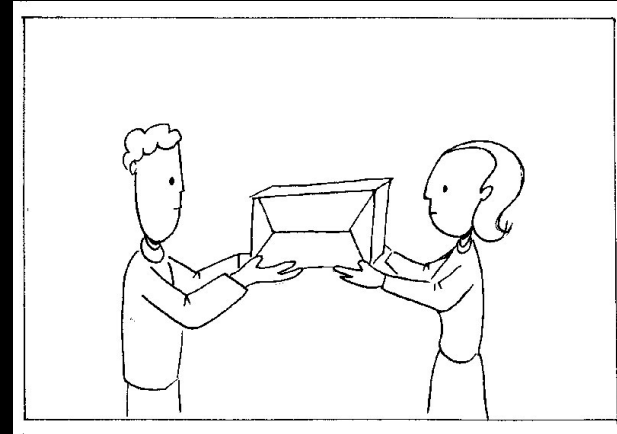

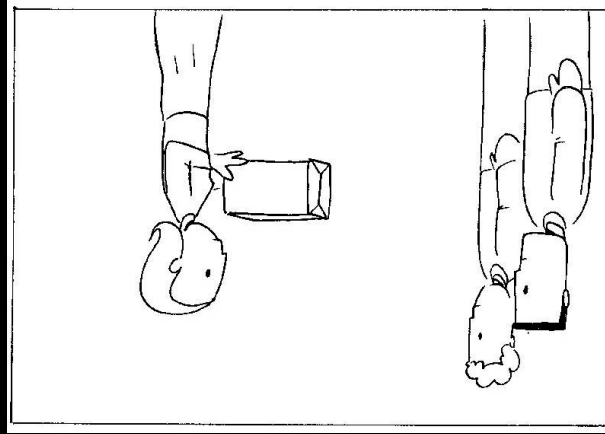

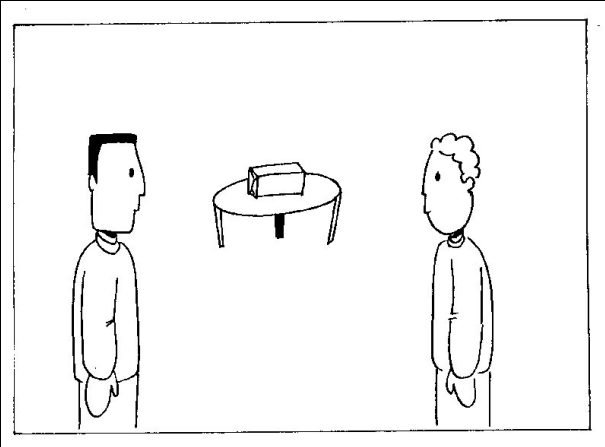

Regroupons les images analysons les....

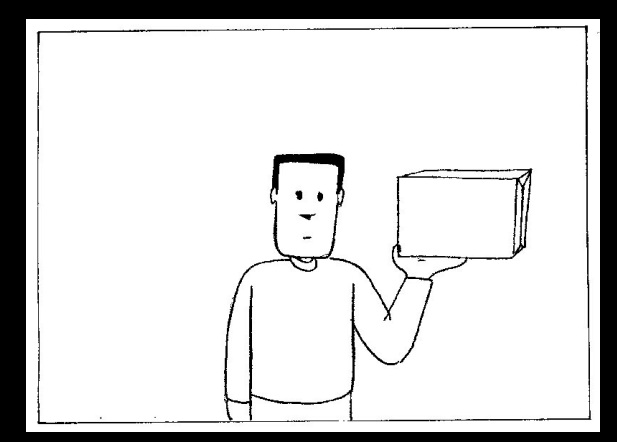

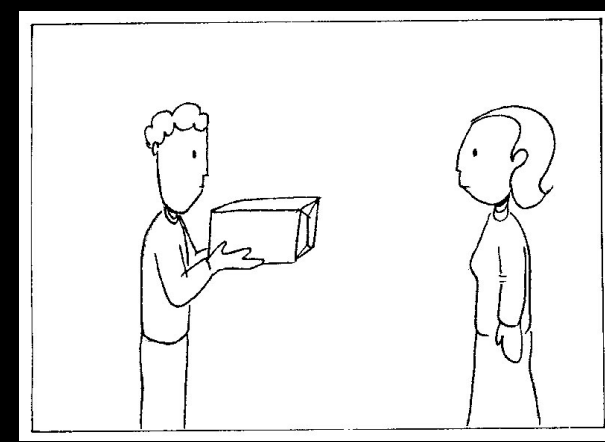

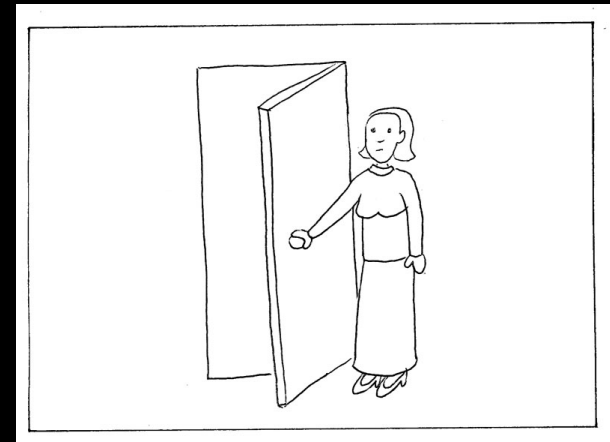

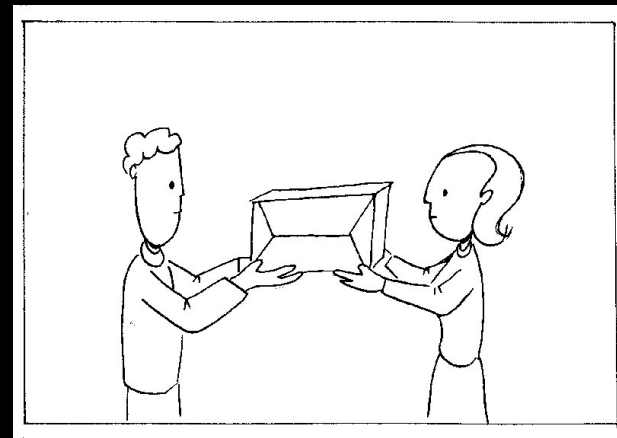

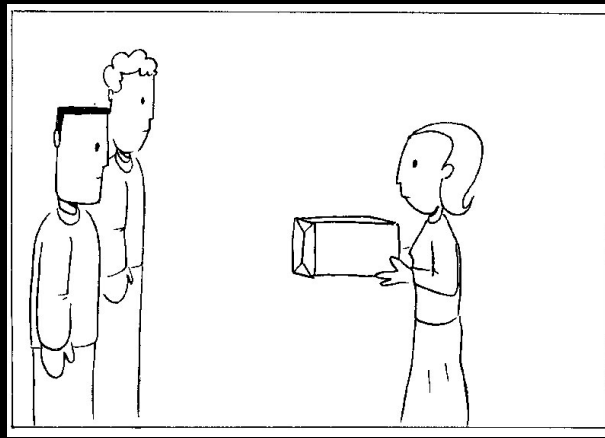

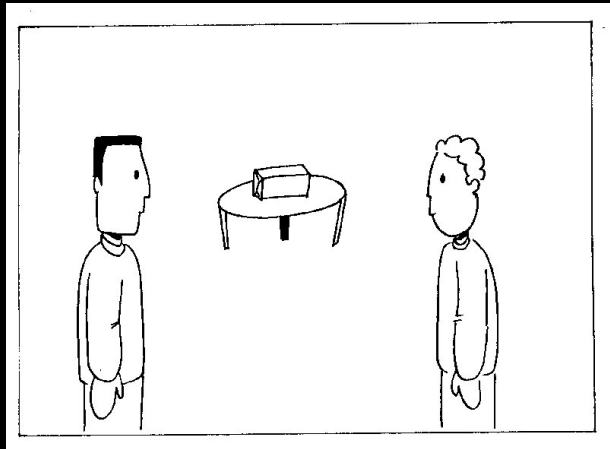

Les images sont posées comme ça...

Mais pas comme ça...

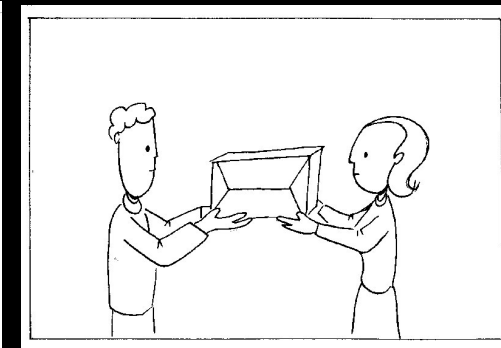

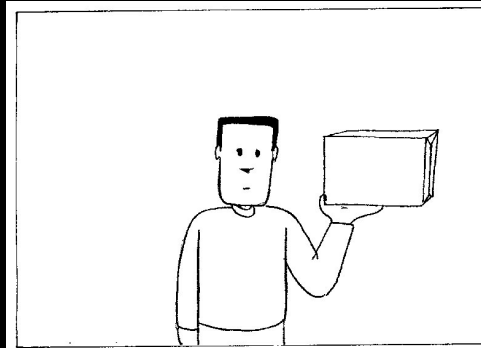

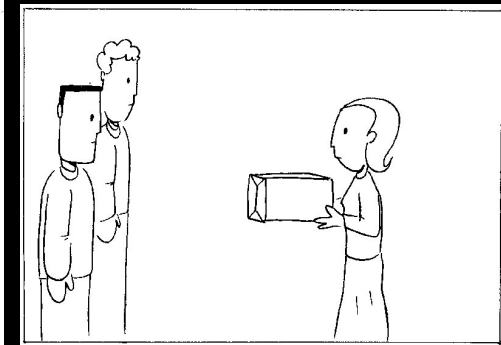

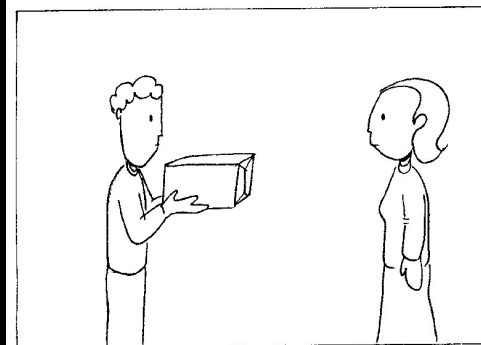

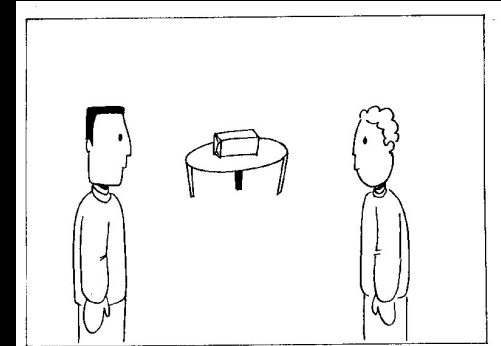

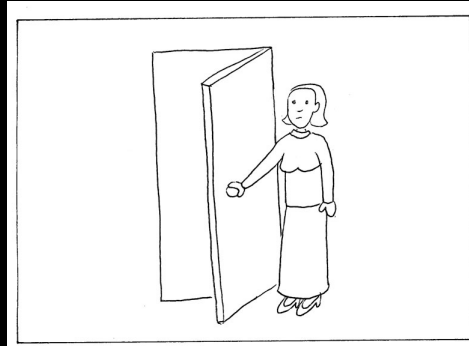

Que contiennent ces images ?

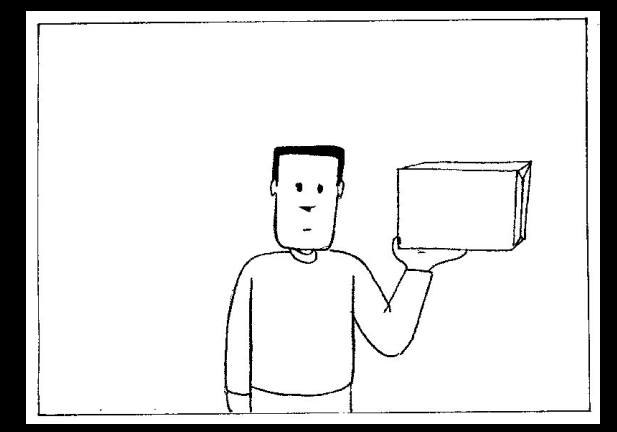

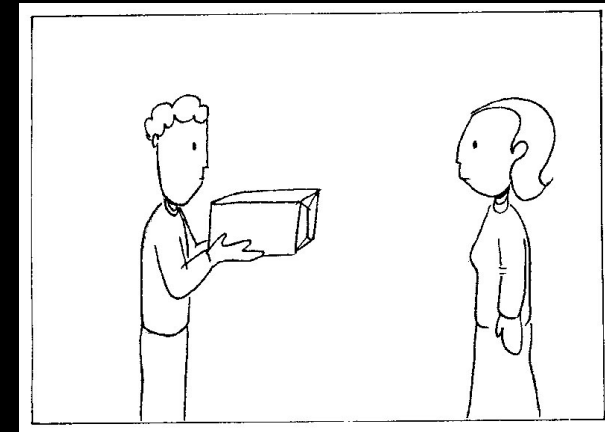

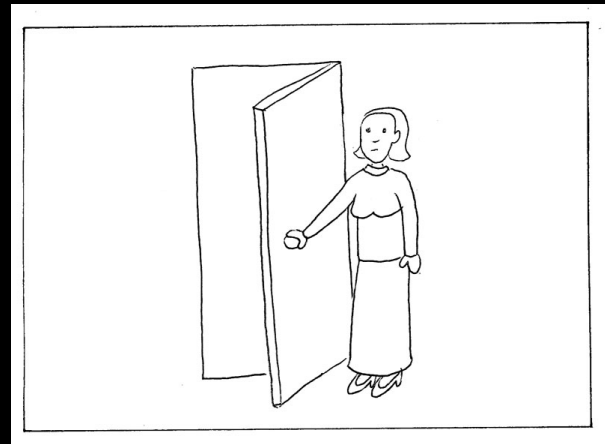

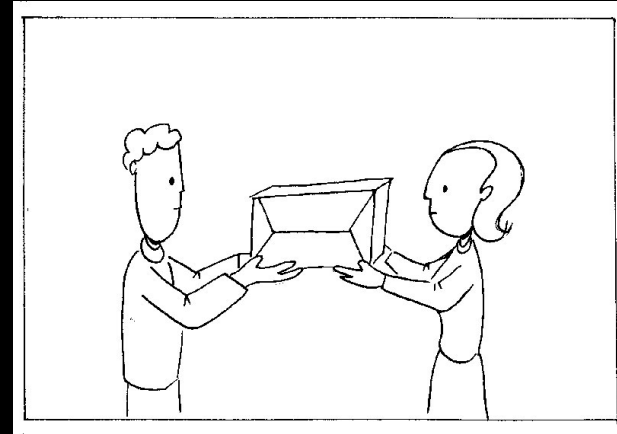

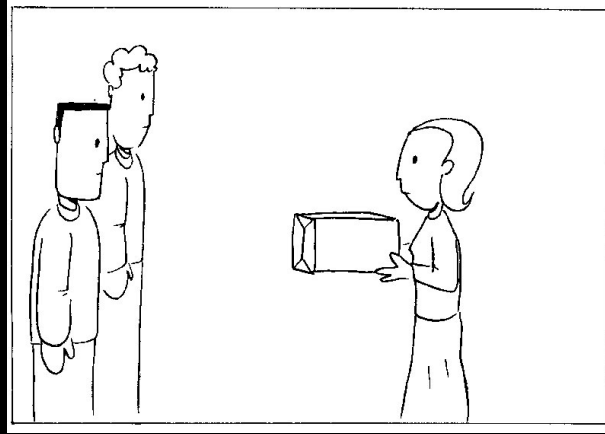

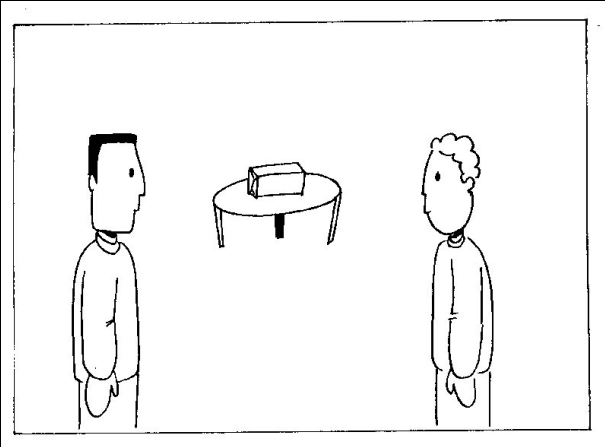

Et la réponse est

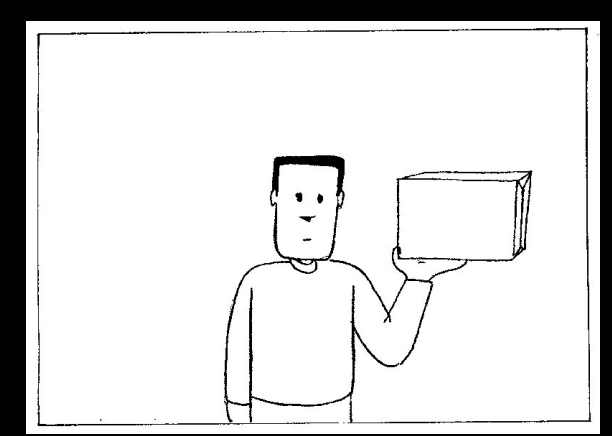

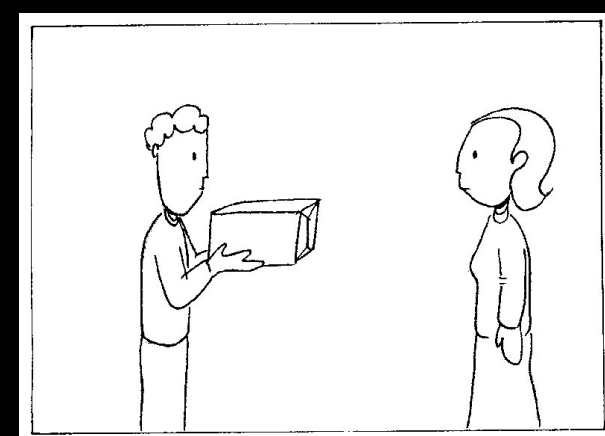

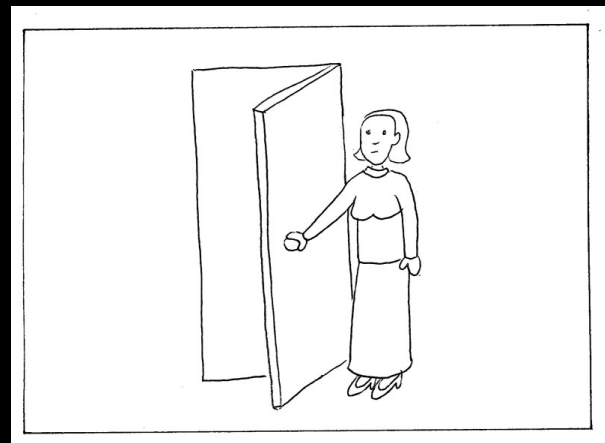

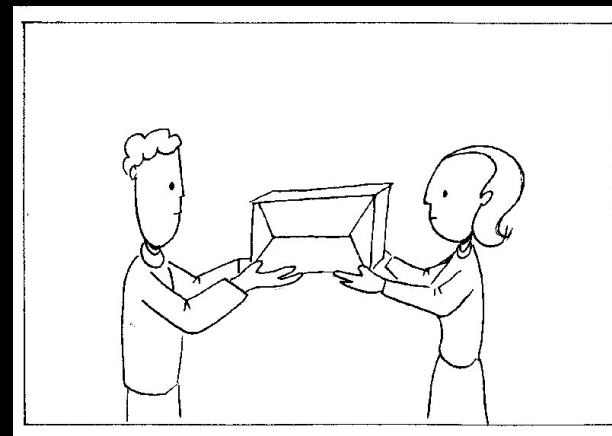

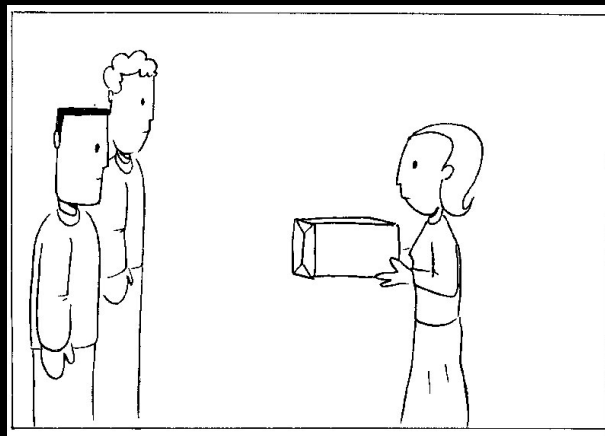

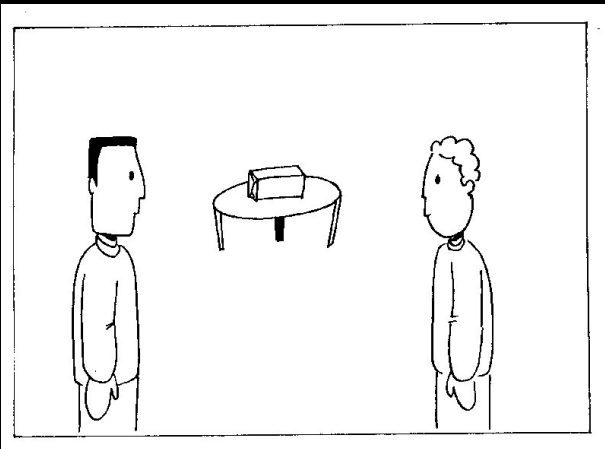

- 3 personnages :
(2 hommes – 1 femme)
- Une boîte
- Une porte
- Une table

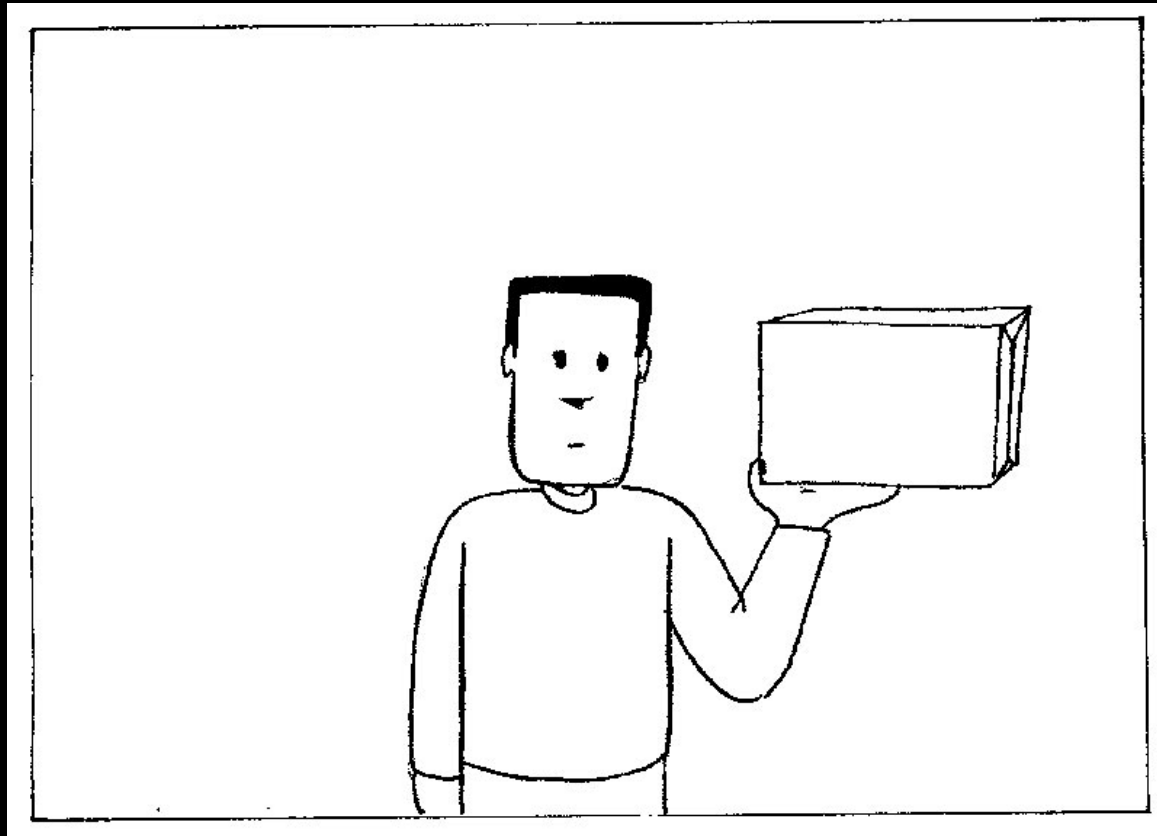

3 personnages ?

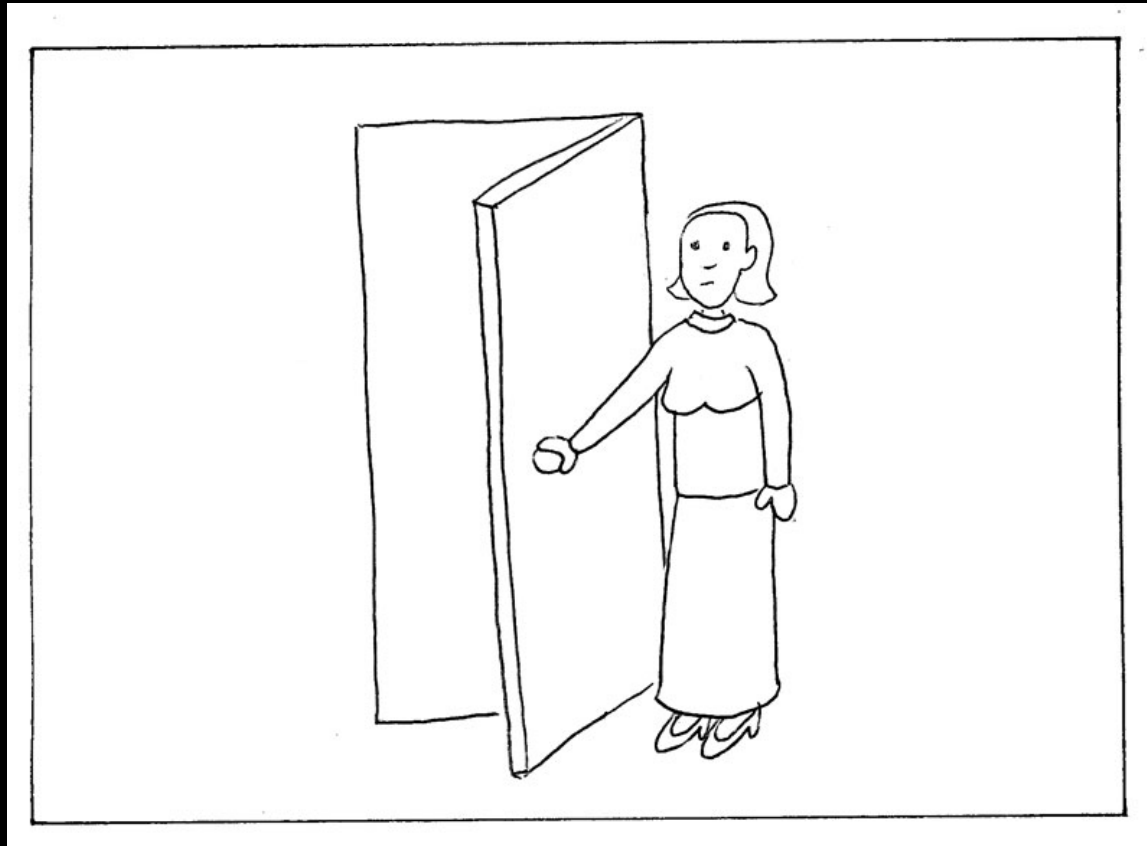

Une boîte ?

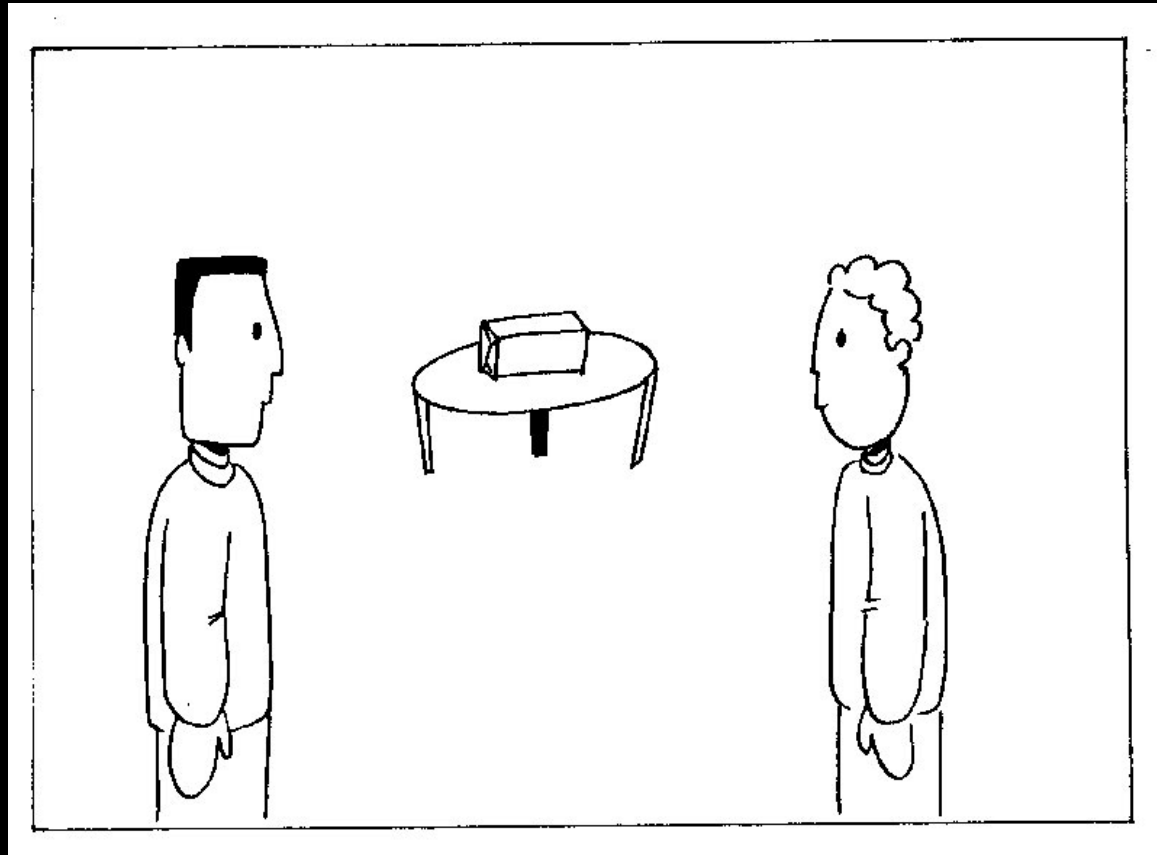

Et d'ailleurs, est-ce une boîte ?

Une porte ?

Une table ?

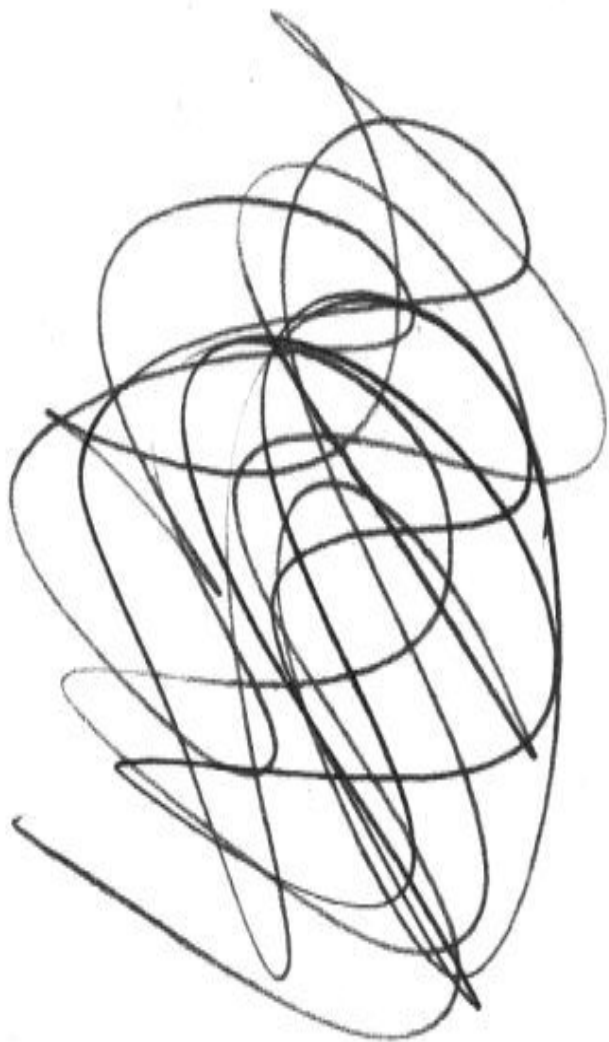

$$E=mc^2$$

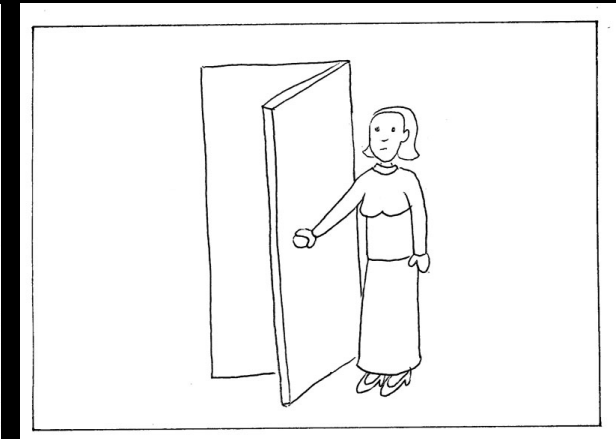

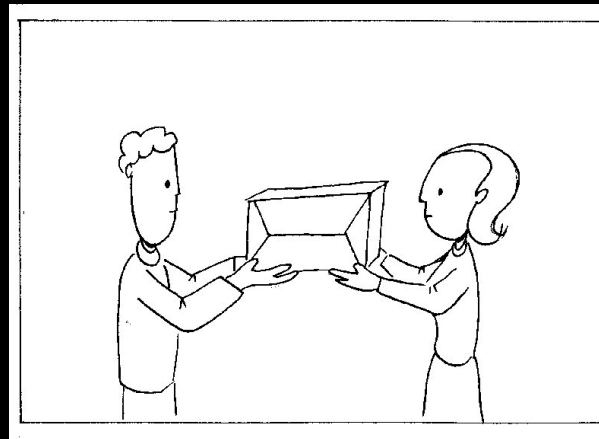

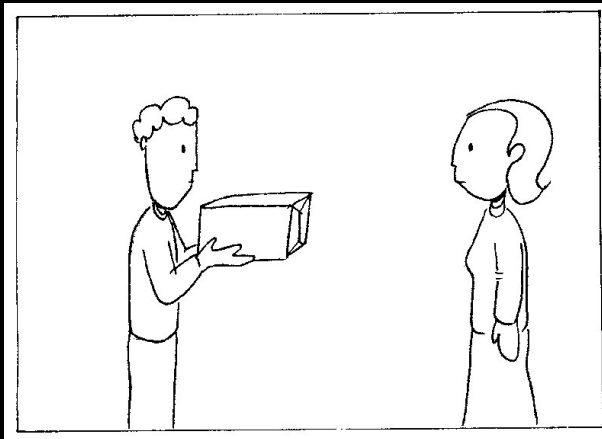

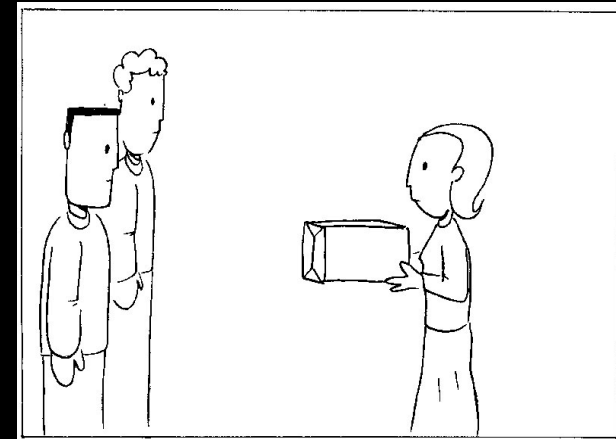

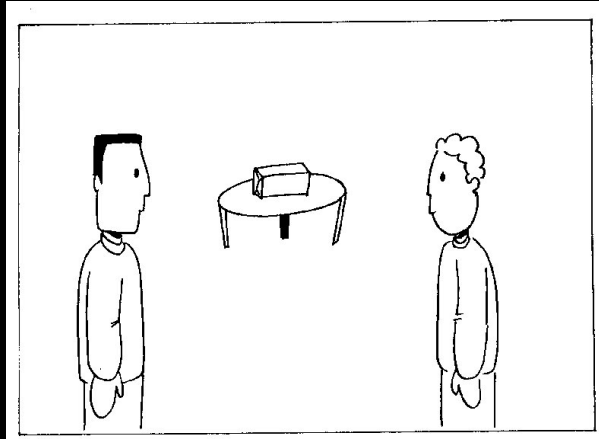

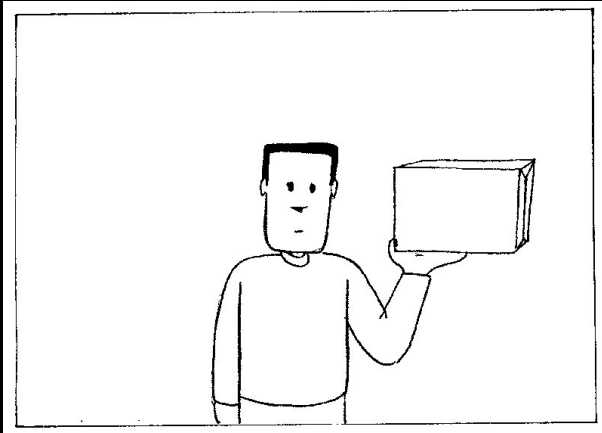

**Kila asubuhi, mimi kufanya
mapenzi na mama yangu, na
kila usiku baba yangu**

**Tous les matins, je fais
l'amour à ma mère, et tous
les soirs à mon père**

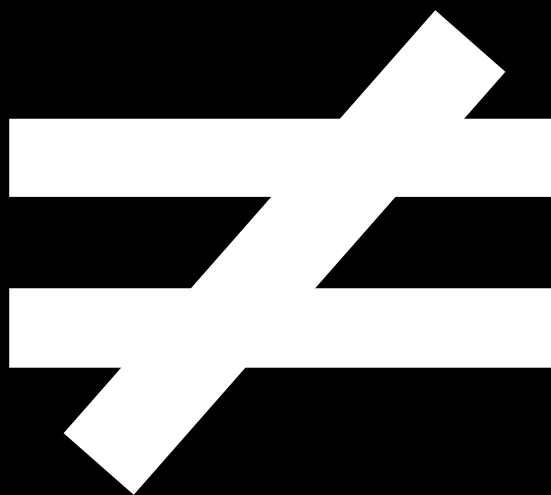

Un exemple : « Some feet that fit »

Il nous faut casser les images du monde !

**Soyons tous
des Iconoclastes !**
